

Have you ever wonder if you are using the best 'bit' for your horse, or whether you've got it fitting correctly? Have you considered whether your bridle fits your horse? Bits and Bridle fitting is equally as important as saddle fit and should be part of your routine to ensure the comfort, control and way of going for your horse or pony.

Charlotte Warman is an independent bit fitting consultant and is giving our Club members a talk on fitting bits and bridles. She is a Neue Schule qualified, Lantra certified Professional Equine bit and bridle fitter.
